Ashley Action!

Vocational Centre 6th Form Year 12 students are undertaking taster sessions at the Vocational Centre in Runcorn this half term allowing them to try out different vocational areas including hair and beauty, construction and motor vehicle maintenance. All students enjoyed their first visit and put their practical skills to good use. Students opting for motor vehicle maintenance learnt how to take off a tyre and clean brake pads.

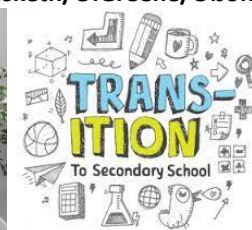

Year 6 Transition Days Unfortunately, we have had to cancel the two Year 6 Transition Days that were due to take place on 6th and 13th July 2021 as a result of updated government guidance. We will provide more information in the near future regarding transition plans.

Track and Field 9GG took part in javelin throwing as part of their PE lessons. To perform a successful javelin throw, the thrower must gain momentum by having a run-up before they release the javelin.

Well done to the following students who have been in the Green Zone on DoodleMaths for the last 7 days:-
