## Ashley Action!

**Year 12 students** have been taking part in a programme called CEASE, which helps young people to explore healthy and unhealthy relationships. The students have entered into some good discussions around relationships and how to spot any warning signs. These sessions have been delivered via Zoom by "Got Your Back" Remedi Restorative Service as part of their Preparing for Adulthood course.

**Year 8 students** have been learning about pasta this week. Students have learnt to list the key essentials for cooking pasta, cook pasta to perfection every time and match pasta sauce with specific pasta shapes for pasta recipes. Some tasty looking dishes prepared!

**Year 11 students** have worked very hard in their Gardening lessons and have been staining the planters at the back of the school in preparation for a 'Remembrance and Sensory Area'. Well done to everybody!

**School finishes** on Wednesday 31<sup>st</sup> March and reopens Monday 19<sup>th</sup> April. Wishing you all a Happy Easter break!
