Ashley Action!

International Day Each year, we celebrate our place in the world community and our own rich and diverse community with International Day. Students and staff represent countries from around the world and students take part in different activities. In the past, these activities have included cooking, dancing, art, languages and drumming. This year 7MS and 7LA learnt key facts about French life, French food and how to introduce themselves. They also learnt about animals including pets, farm animals and zoo animals and their names in French. Year 9 took part in Sushi making. Sushi is a traditional Japanese dish of prepared rice, usually accompanying a variety of ingredients such as seafood and vegetables. Sixth form students took part in a quiz where they had to choose a country from around the world and give clues to their classmates to see if they could guess what country they were talking about.

Year 8 have been learning how to cook eggs and egg-sperimenting the many different ways eggs can be cooked. Whether it is a boiled egg, scrambled, or poached, eggs are used in a variety of dishes. Egg-cellent work Year 8!

Please see the newsletter link page for fun events and activities that The Studio are currently offering.

And Finally...

Please keep checking the website and Facebook page for any updates and keep familiarising yourselves with the Covid-19 Absence; A Quick Guide for Parents. This can be found on the school website and newsletter link page. Stay safe.
