Ashley Action!

NCS (National Citizen Service) visited 6th Form to inform students of the many opportunities during the summer holidays. NCS helps young people meet new people, get their voice heard, boost their CV and have a lot of fun. After NCS, there are opportunities to access apprenticeships, work placements, training, volunteering projects and workshops.

Liverpool Slave museum Year 8 students heard the untold stories of enslaved people and learnt about historical and contemporary slavery.

YouthFed Year 12 students took part in a Cyber Security Taster Session. During this session, students had the chance to do some live threat hunting and cyber security simulations on real-time cyber-attacks and engaged in an exercise designed to get them thinking like cyber security professionals.

Community Sports Year 12 took part in 'Bocce' in their sports lesson. Bocce is a ball sport belonging to the boules family. The object is to throw the bocce balls closer to the Pallino or Jack, than your opponent does. The first team to reach 12 points wins the game!

Farewell Year 11 and 6th Form students This week we said our fond farewells to our leavers. Class of 2022 were sent off in style with a celebration assembly, to mark their last day at Ashley High School and 6th Form, featuring, of course, some old and embarrassing school photographs on the big screen and a special thank you to Adem in Year 8 who dressed up for the occasion as Russell from the film 'Up'.

GOODBYE-GOOD LUCK GOODBYE-GOOD LUCK GOODBYE-GOOD LUCK

Skills Challenge – Listening

Interview a friend or family member about their job. What is their job title? Where do they work? What tasks do they do at work? What other things are you curious to learn about their job?
