## Ashley Action!

**Work Experience** Year 12 students are on week 4 of their work placements. Sam is at Knitwire Ltd in Runcorn busy packing wire to be sent out to customers and Charlie is at Halton Boxing Gym reception, booking in members and helping to keep the gym nice and clean.

**Year 11 Gardening** Students have been busy assembling our 'Japanese Garden' as part of their Gardening Course. This week we have been laying pebbles and slate to represent a river flowing under our bridge and pagoda.

**Community Sports** Year 12 students made biscuits to sell for 'Comic Relief'. In total, we raised £50! Well done to everyone for all your hard efforts!

**Preparing For Adulthood** Students in Year 13 visited Tesco to show how to work within a budget. Students were given a shopping list and a set budget. Students then had a set amount of time to buy everything on their list whilst staying within their budget. As an extra incentive, students who spent less than their budgeted amount were allowed to use their extra money to buy dessert.

**A massive well done** to Jacob in Year 8 who won gold with the cadets in a relay race at Knowsley. We are very proud of you Jacob!

## Skills Challenge – Staying Positive

Create a mood board to include words and pictures of things that make you feel positive. Invite your family to make their own mood board too. Take it in turns to talk about what you have each included and why these words and pictures make you feel more positive.
