## Ashley Action!

**REMINDER** We would like to let you know that the weekly Newsletter continues to go live every Friday and can be accessed via the school website. Texts, phone calls and letters will continue to be sent to parents on a 'needs to know' basis, as is current practice. Please check text messages on a daily basis. In addition, the calendar on the school website will be updated with key dates/events. Lots of information is shared on our school Facebook page. If you are not already a member we would recommend joining the group 'Ashley High Parent & Carer Group'.

**Students in Year 12** were learning about different jobs and the world of work. Students learnt about and understood the different tasks and duties associated with each job role and where people who work in these occupations would work.

**Home Cooking Skills** Year 10 students produced some appetising creamy chicken and bacon turnovers as part of their coursework.

**A big thank you** to 'Gift your Gear' for their generous gift of wonderful warm items of clothing for our students for their Duke of Edinburgh sessions! Duke of Edinburgh takes place in all weathers so these have been gratefully received!

**Year 8 students** have carried on with the 'Use of Eggs' and have used different cooking methods to produce egg dishes. Learning how to cook eggs is a great step in learning to cook because you can do so much with eggs. Whether it is a boiled, scrambled, poached, fried or an omelette, eggs can be used in a variety of dishes.

## Skills Challenge – Creativity

Think about your favourite book. What does the front cover of the book look like? If it is a fiction (story) book, does it show the characters, the setting or give a clue to the plot of the story? If it is a non-fiction book (full of facts) does it show just one image (picture or photograph) or more than one? What else is on the cover? Imagine you have been asked to come up with front cover ideas for another edition (printing) of the book. How would you redesign your favourite book's cover? Come up with at least 3 different designs. You might want to draw, paint, collage or use technology to help you create different design ideas. Share your design ideas with your family. Which one do they like the best and why? Challenge them to redesign their favourite book cover too and talk about your designs together.
